

The New Standard for Video Intercoms

GateHawk builds powerful, easy-to-use video intercoms for modern communities. Our straightforward approach to smart access control ensures you get the same great features, without the hassle of other intercom platforms.

Industry-Leading Video Intercoms

12-Inch Touchscreen

The ultimate touchscreen video intercom experience, featuring our largest screen and an intuitive touch-based interface.

10-Inch Screen with Keypad

The balanced choice, combining the experience of a large, easy-to-see screen with a durable numeric keypad.

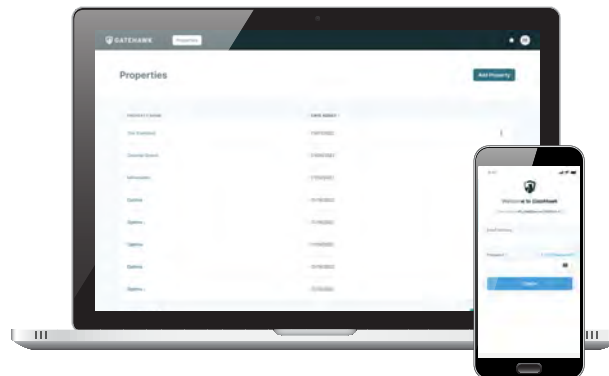

User-Friendly Software

Web Portal

Allows properties to easily manage access from the convenience of their desk or phone. Dealers can also use the portal to manage intercoms they've installed.

Mobile App

Allows residents to quickly find their access codes, manage guests, and receive video calls from the property gate.

Why Properties Love GateHawk

Tenant appeal: Set your property apart as a modern and forward-looking community by embracing smartphone access.

Cost savings: Save money by eliminating keys, cards, and fobs by using the smartphone that residents always keep with them.

Increased security: Eliminate unauthorized key copying and card or fob handoffs by tying access to individual smartphones.

Built Tough for the Real World

Dealer Partnerships to Grow your Business

You Own the Relationship:

Other providers use dealers to find the customer, then try to take over the relationship. With GateHawk, we do everything through you.

Recurring Revenue Opportunities:

Evolve past the “one-and-done” project model to generating regularly recurrent revenue from every unit you install.

Reliable Manufacturing Partner:

We understand how important your client relationships are. If something’s not right, we’ll work with you to resolve the issue promptly.

Industry-Leading Dealer Compensation

Sell More

Lower recurring costs make GateHawk easier to sell than other video intercoms.

Earn More

Higher recurring dealer compensation means more money for you each month.
